

Let me
capture
the beauty
of your
story.

What to
expect.

Your newborn session is a special milestone in your baby's life. I like to create a calm and peaceful environment during our time together. This allows me to completely focus on your baby while allowing family members to relax and enjoy the moment.

The studio was custom built to provide the ideal space to ensure visions come to life.

For your comfort, there is a lounge area within the studio equipped with a private restroom, changing table, bottle warmer, refreshments, Wi-Fi, Netflix, and a play area for siblings.

There is ample metered parking in front of the studio, as well as a free municipal lot one block away.

The ideal time to photograph newborns is within the first 7 to 14 days after delivery when babies are their sleepest. In certain situations, this timeframe can be extended, however I do try and cap all newborn sessions for full term babies at 21 days.

When to book

Newborn reservations are best made in advance of delivery in order to guarantee your family a session date once your baby is born. The earlier the better! Advance reservations are made according to the due date, with the actual date of the session scheduled once baby arrives to accommodate early or late deliveries.

Regular studio hours are Monday through Friday, 10am - 3pm. Weekend sessions are available upon request.

If you have found me after the delivery of your baby, please do still reach out! Session dates will be offered based on current availability.

Little Boys:

If you will be circumcising your baby, we will need to make sure we allow him at least 3 days of healing before his session.

For all sessions, a \$200 deposit must be submitted to confirm your session date.

For both Micro and Mini sessions, the balance is due on the day of your session. For full sessions, the balance is due after your selections are submitted.

After your session

Depending on the type of session you have selected, your images will either be chosen for you, or you will be presented with an online gallery, at which time you may select the images you would like to purchase. All images are delivered fully edited. Unedited/RAW images are not available for purchase and are not included.

All sessions are subject to sales tax. The following payment methods are accepted:

- Cash
- Credit Card
- Paypal
- Zelle
- Venmo
- Afterpay

(please note, all credit card, Paypal, and Afterpay payments are subject to a 3% processing fee)
